

Trash Cafe

WHAT WE DO

www.trashcafe.com

We intercept food from supermarkets, restaurants, producers, farms & the public which is still good to eat - saving it from going to landfill.

We then cook up the food in our cafe for ANYONE to come and enjoy.

You can 'pay as you feel' the food and service is worth in either cash, time, skills or item donations.

There's even a shopping boutique where you can buy groceries & basics on a 'pay as you feel' basis.
